

FOR  
THOSE OF  
YOU WHO DON'T  
REALIZE HOW MUCH WATER  
YOU'RE WASTING INDOORS,  
HERE'S SOMETHING TO CONSIDER.

MAGNETIZED TO POST WHERE THE WHOLE FAMILY WILL SEE IT.

EVERY DROP  
EVERY DROP  
MAKES A  
BIG DIFFERENCE.

Thanks to your conservation efforts and the weather, our water supplies are back to comfortable levels. But remember, we live in a semi-arid climate. That means we need to keep water conservation in our everyday life, all year long. Outside residential watering, which uses the most household water, is a good place to start, but there are many ways we can conserve inside the home.

**TIP #1** Listen for dripping faucets and toilets that flush themselves. **FIXING A LEAK CAN SAVE 500 GALLONS EACH MONTH.**

**TIP #2** Run your washing machine only when full and **SAVE UP TO 2,400 GALLONS EACH MONTH.**

**TIP #3** Keep your shower to under five minutes. **YOU'LL SAVE UP TO 1,000 GALLONS A MONTH.**

**TIP #4** Install low-volume toilets. Or if your toilet was installed prior to 1980, place a toilet dam or bottle filled with water in your toilet tank to **SAVE ABOUT 480 GALLONS A MONTH FOR A FAMILY OF FOUR.**

**TIP #5** Put food coloring in your toilet tank. If it seeps into the toilet bowl, you have a leak. It's easy to fix and you can **SAVE OVER 600 GALLONS A MONTH.**

**TIP #6** Install a low-flow showerhead. They're easy to install and can **SAVE YOUR FAMILY OVER 2,000 GALLONS A MONTH.**

**TIP #7** Turn the water off while brushing your teeth and save four gallons a minute. **THAT'S 800 GALLONS A MONTH FOR A FAMILY OF FOUR.**

**TIP #8** Make sure the toilet flapper doesn't stick open after flushing. **EVEN A SILENT TOILET LEAK CAN WASTE 900 GALLONS OR MORE PER MONTH.**

**TIP #9** Turn off the water while you shave and **SAVE OVER 400 GALLONS A MONTH.**

**USING THESE TIPS, A FAMILY OF FOUR CAN AVOID WASTING OVER 9,000 GALLONS OF WATER A MONTH!**

**DENVER WATER**

If we all do our part, collectively we will make a big difference and preserve our quality of life. For more information visit [denverwater.org](http://denverwater.org).
